

Satellite Cable CT100 Twin - Copper

Application:

Ideal for professional TV and CCTV system installations including digital satellite, terrestrial and cable TV.

Technical Data:

1	Conductor	Soidl Plain Copper
2	Dielectric	Foam Filled
3	Screen	Copper
4	Braid	Copper
5	Sheath	PVC

Voltage Rating **30 V**

Temperature Rating **-20°C to +75°C**

Sheath Colour **Black**

Impedance **75 ohmg**

The information contained within this datasheet is for guidance only. Please note the actual cable dimensions may vary due to manufacturing tolerance.
