Satellite Cable CT100

Application:

Ideal for professional TV and CCTV system installations including digital satellite, terrestrial and cable TV.

Technical Data:

1	Conductor	Soild Plain Copper
2	Dielectric	Foam Filled
3	Screen	Aluminium
4	Braid	Copper
5	Sheath	PVC

Voltage Rating   **30 V**

Temperature Rating   **-20ºC to +75ºC**

Sheath Colour   **White**

Impedance   **75 ohmg**

Cable Diameter   **6.6mm**

The information contained within this datasheet is for guidance only. Please note the actual cable dimensions may very due to manufacturing tolerance.
